Summary:

I'm a biologist interested in science popularization and environmental communication. I've got broad experience in renewal energies and rural development.

Experience:

Lectures and seminars. 2015. "Dinosaurs: Disclosure of Time and Evolution", "Biomass: Opportunities for rural areas, challenges and myths", "Electricity market and the new green cooperatives".

Calor Verde Biomasa S.L.U. 2012-2015. Salesman and technical service. Looking for potential customers and monitoring biomass heating systems of ÖkoFEN, Vigas, Clam and Extraflame brands.

Balata Medio Ambiente S.L. 2010-2012. Founding Partner. Working for rural development through the development of biomass fuel, responsible tourism and environmental education. Also giving forest and garden services, GIS and environmental consultant.

Asociación de Ayuntamientos Alto Alagón. 2008-2011. Forester, Environmental technician. Planning the enhancement of public forest. Design and development of projects.

Fundación Oxígeno. 2007-2008. Environmental educator. Traveling from school to school in the west of Spain with environmental education workshops aims to explain the Natura 2000 (SCI).

Jurassic Museum of Asturias (MUJA). 2006-2007. Museum assistant. Visitor reception, guided visits, restaurant manager, shop assistant.

Education:

University Pompeu Fabra (UPF Barcelona School of Management). Currently. Online Master in Scientific, Medical and Environmental Communication.

University of Salamanca (USAL). 1998-2004. Degree in Biology. Specialized in Environmental and Systems Biology.

University of Amsterdam (Coursera). 2015. Introduction to Communication Science.

Fundación Premysa. 2012. 100h. Management of renewable energy and energy efficiency.

Fundación Premysa. 2010. 105h. Biogas from agricultural waste, livestock and industry.

Prehistoric Park of Teverga (Recrea). 2007. 90h. Animation and interpretation techniques of Prehistory and Rock Art. Focused on the management of museums and cultural sites.

Jurassic Museum of Asturias (MUJA-Recrea). 2006. 90h. Animation and interpretation techniques of paleontological heritage. Focused on the management of museums and cultural sites.

University of León. 2004. 40h. Interpreter guide of natural areas. Focused on natural resource management.

University of La Rioja. 2000 and 2001. 110h (each). Dinosaur Paleontology. Two participations in a work site of dinosaur footprints.
